

Amendments To the Abstract

In the English translation document, please amend the Abstract, as follows:

~~The invention relates to a~~ A turbo-machine ~~comprising~~ having a rotor, a stator, and a flow channel for an actuating fluid used to drive the rotor is disclosed. ~~Said~~ The turbo-machine ~~comprises~~ has a magnet for producing a pre-determinable magnetic field in the flow channel. The invention also relates to a method for operating a turbo-machine comprising a rotor, a stator, and a flow channel. ~~According to the invention~~ Furthermore, an ion-containing actuating fluid flows through the flow channel and a defined magnetic field is produced in the flow channel, ions being deviated in the magnetic field.

A clean copy of the Abstract that incorporates the above amendments is provided herewith on a separate page.
